

Christine Stace
(1946 – 2022)

Christine was born in London. She emigrated to America for her first job working for 'One Girl' in Chicago. She made lifelong friends there who she visited throughout the rest of her life. On her return to England she worked for Aegon Insurance. By the time she retired she was PA to the Chairman.

She had a wide range of interests and hobbies including walking, birdwatching, singing and tennis. She and John loved travelling and visited many countries in South America, North America, Africa, The Middle East and the Far East. Somehow they also managed to renovate houses in Cornwall and France as well.

John and Christine joined our Club in the early 1990s and took part in everything, attending all lectures and taking part in all fieldtrips, weekends away and social gatherings. When John was Field Trip Secretary, Christine did all the hotel bookings and organised the Saturday night entertainment. She and John were such fun to be with and livened up a few AGMs with slide shows of their holidays abroad. Christine was what every Club needs – a good, supportive member.
